Lakhimpur-Kheri, UP

## SUMMARY

Methodical and self-motivated learner in the field of web development, Possesses valuable skills in framing websites and its subsets, credited to skills acquired in academics.

## TECHNICAL SKILLS

**Programming languages:**
C, C++, java

**Web Technologies:**
Bootstrap, HTML, CSS

**Software:**
Rapid Miner, Joomla, Magento, Dreamweaver, Arduino IDE

**Data Management**:
MySQL

**Platforms:**
Red hat Linux 6, Window7,8,10,11

## CERTIFICATIONS

- Linux Specialization Course | Great Learning | Dec '22
- Web Design for Everybody | Coursera | Jul '21 - Aug21

## POWER SKILLS

- Quick thinker with original ideas.
- Excellent at brainstorming and problem-solving.
- Charismatic communicator and energizing team player.
- Knowledgeable, dynamic and energetic professional.

## EXTRA CURRICULAR ACTIVITIES

- Captain of Football Team | Higher Secondary | 2016
- Event Coordinator of Student Organization | Senior Secondary | 2019

## PROJECTS

### Feedback Management System                                    2023

- **Domain: Window based applications | Programming Languages:  JAVA**
  - The purpose was to develop an interface to simplify feedback management.
  - This application stores feedbacks that can helps developers make better-informed decisions about the design, functionality, and performance.
  - System that can receive feedback from its users, process the feedback.

### Online Shopping System                                        2022
